Kids Who Read Succeed!

Why read together?

- Reading will improve your child's vocabulary – the more words they hear, the more words they will learn to speak and read!
- Reading to your child will help develop his/her love for books
- Children will learn about topics they wouldn't otherwise have the chance to experience
- Reading together will strengthen the bond between you and your child

Choosing a good book

- Pick a topic your child is interested in
- Choose books with large print and bright colors
- Pick a book with rhyming or repeating words

My child is not interested or can't sit still!

- Choose a comfortable area with no distractions
- Read a page or two at a time. Come back to the book later
- Talk about the pictures instead of reading the words
- Point out or talk about print in the environment (road signs, food labels, etc)
