Sharon Clark et al.
- Autism Spectrum Disorder Grown Up: a Chart Review of Adult Functioning
Samantha Marriage et al.

ANNOUNCEMENTS

Dr. Daniel Louis Lafleur, MD, has graciously accepted to step in as Book Section Editor. Dr. Lafleur graduated from the child psychiatry program at Harvard University. His current position is with the BC Children's Hospital. We would like to sincerely thank the previous Book Section editor, Dr. Pratihba Reebye for her outstanding contributions.

Dr. Amy Cheung is back in her former position as Assistant Editor.

We welcome to the *Journal* Drs. Lafleur and Cheung.

Since the volume of articles submitted has increased, Dr. Carandang has agreed to stay on, in addition to Dr Cheung, as Assistant Editor; he will also be handling the Clinical Case Rounds section.
